I came into this world high as a bird From second hand cocain powder i know it sounds absurd I never tooted but its in my veins While the rest of the country bungies off bridges Without no snap back and bitches they say they need that To shake they fannies in the ass clubs they go the other route turn each other out burn each other out where a bonified nigga like me can't even get no back rub these days ain't that bleak on they part but let me hold it down cause they shut you down when you speak from your heart now that's hard while we rantin and ravin bout gats nigga they made them gats they got some shit that'll blow out our backs from where they stay at

Ooooh, I fear the battle's just begun Ooooh, though we're here someday we will be gone so i'm hopin, wishin, prayin to keep my faith in you, in you

(yo, yo, yo in background)

I'm fascinated by the way yo nipples peak at me through yo blouse freaky me, freaky you can't help but be aroused 'scuse me lord less for thinkin but that's the way we was brought up sneakin to watch playboy at night we all must be caught up in worldly ways Chemistry between boys and girls is alot like when we went to the woods and laid with the squirrels durin P.E., we'd be exploring each others privates hunchin with all our clothes on until we felt excited then, aaaah oh now its on from here on out put yo hands in the atmosphere if you know what i'm talkin bout now if two hearts done walk on out and i see you on the next song they call it horny Because its devilish now see we dead wrong

Ooooh, I fear the battle's just begun Ooooh, though we're here someday we will be gone so i'm hopin, wishin, prayin

Ooooh, I fear the battle's just begun Ooooh, though we're here someday we will be gone so i'm hopin, wishin, prayin to keep my faith in you, in you
