

All y'all radios out there  
Song goes out to you  
Yeah, Aïcha for my sisters ya

So sweet, so beautiful  
Everyday like a queen on her throne  
No, nobody knows how she feels  
Aïcha, Lady one day it'll be real

She moves, she moves like a breeze  
I swear I can't get her out my dreams  
To have her shining right here by my side  
I'd sacrifice all them tears in my eyes, oh

Aïcha Aïcha, passing me by  
Aïcha Aïcha, my my my  
Aïcha Aïcha, smile for me now  
Aïcha Aïcha, in my life

She holds her child to her heart  
Makes her feel like she blessed from above  
Falls asleep underneath her sweet tears  
Her lullaby fades away with his fears

Aïcha Aïcha, passing me by  
Aïcha Aïcha, my my my

Needs somebody to lean on, lean on  
Someone body, mind and soul, body, mind and soul  
To take her hand, to take her world  
Show her the time of her life, so true

Throw the pain away for good  
No more contemplating, contemplating  
No more contemplating

Lord knows the way she feels  
Everyday in His name she begins  
To have her shining here by my side  
Sacrifice all them tears in my eyes, oh  
Aïcha Aïcha,
