

# Wherever

Outlandish

Where ever it goes  
Where ever I go  
Where ever we go  
Where ever I go  
Where ever it goes  
Where ever we go

To whom it may concern I think I lost someone  
I think I heard my mother cry I think I left someone  
Think I saw myself commit homicide kill someone  
The sweetest thing you have ever seen I think I hurt someone  
I am running on a cloudy day  
With a mind state far from ok nowhere to stay  
And none to pray for me five times a day  
Did I mention that I was brought up to the sky  
To clarify I was put on a high to represent my body to the fullest still I a  
m rowdy  
Though not blessed with the same earthly riches like the Saudi I got spirit  
so they are bounty hunting  
No mercy shown it's a conspiracy all over me won't leave me alone

By the look in your eyes  
I can tell you gonna cry  
Is it over me  
If it is save your tears cause I'm not worth it you'll see  
For I'm the type of boy who is always on the run  
Where ever I lay my hat that's my home  
I'm telling you that's my home

Where ever it goes  
Where ever I go  
Where ever we go  
That's my home

Where ever I go  
Where ever it goes  
Where ever we go  
I'm telling you that's my home

Donde quiera que me encuentre  
Donde quiera que yo vaya  
Ese es mi hogar esa es mi casa  
Soy como una pluma  
Que es llevada por el viento  
Libre como el aire, sin fronteras  
Soy como el universo  
Pirata sin modales  
dueno de tus mares  
tu amor yo me he robado  
y sola has quedado  
no soy digno de tus lagrimas  
no llores tus dolores me los llevo  
estas en mis recuerdos  
no me justifico  
y te pido mil disculpas  
si pudiera cambiaria  
pero esta es mi conducta

si algun dia yo me asento  
seria a tu lado dormiria sosegado en tus brazos  
por ahora te digo adios algun dia nos veremos  
no guardes el rencor y si los bellos besos  
porque a veces la vida es loca (loca loca)  
a veces ganas unas  
a veces pierdes otras

[Translated]

Wherever I find myself  
Where ever I go  
That's my house  
That's my home  
I'm like a feather  
Conducted by the wind  
Free like air  
Without borders  
Like the universe  
A pirate without manners  
Proprietor of your seas  
I have stolen your love  
And now lonely, there you are  
I'm not worthy of your tears  
Don't cry, I'm taking your pain away  
You'll be in my memory  
I can't justify my self  
I apologize a thousand times  
If I could change I would  
But this is my way of being  
If one day I settle  
It would be by your side, Ill sleep peacefully in your arms  
But for now I say goodbye, someday we'll see each other  
Don't keep the rancour, only our beautiful kisses  
Cuz sometimes life is crazy  
Sometimes you win some  
Sometimes you loose some.

Where ever it goes  
Where ever I go  
Where ever we go  
That's my home

Where ever I go  
Where ever it goes  
Where ever we go  
I'm telling you that's my home

Never ever really sow me coming  
Never ever really heard me knocking  
Could it be that you were busy working  
Thinking about him and forgetting about me  
You got to be, (got to be)  
down with me (down with me)  
Coz only then I'll be (then I'll be)  
down for real(down for real)  
where ever I lay my hat that's my home

Where ever it go  
Where ever I goes  
Where ever we go  
That's my home

Where ever I go

Where ever it goes  
Where ever we go  
I'm telling you that's my home
