

# Another Nightmare

Outline in Color

Until we fall apart,  
Wake up and move like it's the last time  
Until we fall apart,  
It's not the end - it's never the end.  
While we still have heart,  
Your demise designed in time.  
While we still have heart,  
A bond tied to blood - you have nowhere to run, nowhere to run.

And I will admit that I am afraid of the life that I could be living instead  
of mine.

Paint me a nightmare into my eyes,  
And sew me up, leave all the tools inside.  
(Just sew me up, with all the tools inside,  
Just sew me up, with all the tools inside.)  
And I've been awake, but always afraid  
To fall asleep, for fear I'll see your face.  
(To fall asleep, for fear I'll see your face.)  
Just tell me that it's not too late.

Stay away, for I am fragile.  
To fall asleep as death is tied to rest.  
This is more than you can handle.  
You've never been so consumed.

Why do we hate the things that we can't change?  
Why do we hurt the ones we can't control?  
Why do we hold on to our yesterdays - like we can't let go?  
Why do we fear the things that we don't understand?  
Why do we want everything that we'll never have?

This is all too much  
Held back no longer to wait,  
We will take what's ours.  
In courage will lift us.

I'll see you when I wake up,  
Mark my words, this won't be the end.  
Leavings the hardest part.  
Mark my words; I will return.

Why do we hate the things that we can't change?  
Why do we hurt the ones we can't control?  
Why do we hold on to our yesterdays - like we can't let go?  
Why do we fear the things that we don't understand?  
Why do we want everything that we'll never have?

And said it's just a nightmare,  
Go back to sleep...  
And said it's just a nightmare,  
And I run and I run from the only one who can wake me up.
