```
It's not easy
No satisfaction quaranteed
Still I get queasy
Trying to make them see anyway
I used to wonder
When will we get enough?
Have I had enough?
Do you ever want the future today?
Isn't there something we can take to know better?
Memories fading (memory's fading)
Fingertips keep forgetting the way
So green with envy (so green with envy)
Its like a tidal wave crashing all over me
I used to wonder
When will we get enough?
Have I had enough?
Oh yeah
Do you ever want the future today?
Oh Yeah
Isn't there something we can take to know better?
If I measure my hope by my jealousy
Oh Yeah
I know the feeling won't stop
We'll never get enough
Can we stay in bed today
And just get to know
The feeling that this was meant to be?
Oh
Oh Can we stay inside today
And hang up the phone
And just be alone?
Its not easy
No satisfaction guaranteed
I get queasy
They're rolling their eyes but here's what I've got to say
The price of beauty (the price of beauty)
To find love in a quiet moment of pain
Stay for a lifetime (stay for a lifetime)
Its gonna take the rest of our days to explain
Oh yeah
Do you ever want the future today?
Isn't there something we can take to know better?
Oh yeah
If I measure my hope by my jealousy
```

Then the moment won't come
For the feeling to stop telling me what to love Telling me not to forget til
l its done
Its not gonna change till I know that we've won
And We'll never get enough
