

Changes Come

Over the Rhine

One, two, three, four

Changes come
Turn my world around
Changes come
Turn my world around

I have my father's hand
I have my mother's tongue
I look for redemption in everyone

I wanna wear your ring
I have a song to sing
It ain't over babe, in fact, it's just begun

Changes come
Turn my world around
Changes come
Bring the whole thing down, yeah

I wanna have our baby
Some days I think that maybe
This ol' world's too fucked up for any firstborn son

There is all this untouched beauty
The light, the dark both running through me
Is there still redemption for anyone?

Changes come
Turn my world around
Changes come
Bring the whole thing down, yeah

Jesus come
Turn the world around
Jesus come
Lay my burden down

Jesus come
Turn this world around
Jesus come
Bring the whole thing down, yeah

Jesus come
Turn my world around
Jesus come
Bring the whole thing down
Bring it down

Bring the whole thing down
Bring the whole thing down
Bring it down
Bring it down
