

Damned

Overkill

Took a little time, before we're done to love me
Took a little more than I ever did before
Took your bad intentions
Took your all excite
If I didn't mention,
Took my inhuman rights
It's a heavy-weight title bout
The more I live the more I find out

Damned, for if I love me
Damned, for if I care
Damned, for all the make ya feel betters
As the damned scream, this ain't fair
Damned, for if I love me
Damned, for if I care
Damned, for all the make ya feel betters
As the damned scream, this ain't fair

Had a little time before I went and fucked me
Had a little trouble getting up off the floor
Had you're I'm not like that
Had a hand up in my face
Head bobbing like a wet rat
No love for the human race
The more fuel, the farther I go
The more I live, the more I...
No-no-no

Damned, for if I love me
Damned, for if I care
Damned, for all the make ya feel betters
As the damned scream, this ain't fair
Damned, for if I love me
Damned, for if I care
Damned, for all the make ya feel betters
As the damned scream, this ain't fair

Damned if I do and damned if I don't
Damned if I will and damned if I won't
Damned for your screamin' that this ain't fair
God damn your dreamin', 'cause I don't care

Took a little time before you tried to do me
Made a little spot for ya right there, on the floor
So fuck your good intentions
Fuck your human rights
Fuck your finger in my face
This time I'm gonna bite

Damned, for if I love me
Damned, for if I care
Damned, for all the make ya feel betters
As the damned scream, this ain't fair
Damned, for if I love me
Damned, for if I care
Damned, for all the make ya feel betters
As the damned scream, this ain't fair
