

## Elimination

## Overkill

terminal, what disease  
told me too late  
what's this cough and wheeze  
fatal, you're shittin' me  
a second opinion  
is what I need  
laughin' in a windstorm  
blowin' all the cornstalks down  
cryin' in a funeral home  
forward my mail, six feet underground

contagious, say why not  
not just me  
waitin' to rot  
painful, yeah I know  
it couldn't be easy  
when I had to go  
i'm yankin' on my plug  
and I can't seem to get it loose  
pullin' all the stops  
your ideals change. when you got  
nothing to loose.

eliminate the wrong  
eliminate the weak  
eliminate the strong  
eliminate your feelings  
eliminate too late  
eliminate the hope  
eliminate, eliminate

if I had just one more day  
i'd turn it all around  
i'd make a play of good, clean livin'  
and dig me out of the ground  
and if I had just one more day  
i'd say it to your face  
pull the plug on everyone  
eliminate this race.  
we want to cure  
and we want it now.  
reissue hope  
we don't care how  
you're makin' a mess  
diseasin' a nation  
runaway train to elimination

hopeless there's no doubt  
set on a slow burn  
from the inside out  
carefully say what for  
last one out  
closes the coffin door  
spendin' all you saved  
and wishin' for a little more  
if i'm lookin' at the ceilin'  
then I must be layin' on the floor.

there's gotta be  
laughin' at the epidemic  
something is going around  
crying at the epidemic  
pullin' on nails, six feet underground.
