On fire and that fire return, fire
I'm thinking what I do and get hard but soon get harder

Here's a message for outside and getting over me
Another day, another night, another '
Another way, another '

Another way, another '
'get off the imposters

As the world goes on '
'is important to live after your way
Are you here 'and watch it turning the sit
It's a message from the other side and know I got it juke
Another day, another night, another '
Another way, another '
