

# No Lights

## Overkill

You know when I think of you  
And I feel to let it out  
For what we did pursue  
And all we were about  
And when I think of who  
Flooding me with light  
Don't think you need to hear this  
Yeah, you did it right

It's over, but yeah, we have taken the light  
It's over, by winning for losing the fight  
Over, it's over, it's over  
It's gone into flight  
Right here by my side  
As I ride

I found meaning  
In the words that you would speak  
And I found strength  
Inside the fact that we were weak  
And when I picture you  
Covered in our rags  
If this man shall fall  
Who will take the flag?

It's over, but yeah, we have taken the light  
It's over, by winning for losing the fight  
Over, it's over, it's over  
It's gone into flight  
Right here by my side  
As I ride

Hard rubber and a wind-blown face  
Got a full-blown eight-eight  
To get us home  
No trouble, got an extra ace  
Gotta stand-up, throw-down  
Never let me be alone  
Over, it's over, it's over  
You've taken my lights  
Over, it's over, it's over  
Right here by my side  
As I ride

To have known you  
Still helps to get me through  
And to thank-you now  
Is all that I could do  
When I motor on  
On into the night  
I know that you are there  
I know you are my lights  
Over, it's over, it's over  
You've taken my lights  
Over, it's over, it's over  
Right here by my side

As I ride  
There's no light  
As I ride...
