Behold 'tis I the commander Whose grip controls you all Resist me not, surrender I'll no compassion call

(Tyrant) Capture of humanity
(Tyrant) Conqueror of all
(Tyrant) Hideous destructor
(Tyrant) Every man shall fall

Your very lives are held within my fingers I snap them and you cower down in fear You spineless things who belly down to slither To the end of the world you follow to be near

(Tyrant) Capture of humanity
(Tyrant) Conqueror of all
(Tyrant) Hideous destructor
(Tyrant) Every man shall fall

Mourn for us oppressed in fear Chained and shackled we are bound Freedom choked in dread we live Since Tyrant was enthroned

I listen not to sympathy Whilst ruler of this land Withdraw your feeble aches and moans Or suffer smite from this my hand

(Tyrant) Capture of humanity
(Tyrant) Conqueror of all
(Tyrant) Hideous destructor
(Tyrant) Every man shall fall

Mourn for us oppressed in fear Chained and shackled we are bound Freedom choked in dread we live Since Tyrant was enthroned

My legions faithful unto death I'll summon to my court And as you perish each of you Shall scream as you are sought

(Tyrant) Capture of humanity
(Tyrant) Conqueror of all
(Tyrant) Hideous destructor
(Tyrant) Every man shall fall
