

Where There's Smoke...

Overkill

Did a lot of damage here near the town
I was run out of get all and knock it with a nigga
When Im staying in the
Getting rollhit it now
I get confuse its the
Here with you, here again
Standing in the
Burning set and so I wait into the tunnel and I get
need to know hit the democracy
..its all know, get to see
Ooh he need a natural face
While devil set it wild
Need immediately and hide your face
Get all the firegetting all and never get all in

Shut up and get to me
Here in the dark, get all know each way to go
I am confuse, get some more
Get to know each where
Boy you need that natural faceand get it for the wild
Boy he need a fire place
get fire,
Admit it with those two actions
Admit it that you get all
Yeah got all that he couldnt do
Nothing tuning back and get investing
Let the rebel kiss me on the ..
What a pain will get the mercy ?
They dont die and get it all back
Now tell me what is all courajing
Tell me I dont even need a drink
Somewhere its a getting travel
and kiss my ass, kiss my ass, kiss my ass
Boy you need that natural faceand get it for the wild
Boy he need a fire place
