

If I keep moving
I can hold off the pain
I just gotta keep moving
Further, further away

If I stop talking
The sparks are going to fly
So I'll just keep on walking
And just keep quiet

I just feel like you're drifting out
Could I keep this tide from turning

If I scream and I shout
I just feel like you're drifting out
Could I keep this tide from turning
I will scream and I will shout

Each day you take something
A little bigger every time
Look at me, I'm just an outline
You've taken what was mine

Each time I let you back in
A little foolish, I know
Look at me, I'm half the story
And I don't know where my story goes

I just feel like you're drifting out
Could I keep this tide from turning

If I scream and I shout
I just feel like you're drifting out
Could I keep this tide from turning
I will scream and I will shout

If I stop talking
The sparks are going to fly
So I'll just keep, keep quiet

If I stop talking
The sparks are going to fly
So I'll just keep, keep quiet

If I stop talking
The sparks are going to fly
So I'll just keep, keep quiet

If I stop talking
The sparks are going to fly

If I stop talking
The sparks are going to fly
So I'll just keep, keep quiet
