

Bird With a Broken Wing

Owl City

So I walk alone down the darkest roads
Cause I've always known how this story goes
When the curtain falls I'll be wearing thin
Clawing at the walls as they're closing in

In this twisted world I was destined for
I'm an astronaut on the ocean floor
So misunderstood 'till the bloody end
How I wish I could do it all again

It feels like I'm a lone survivor
Forgotten in a dark and deadly world
And on my own I walk alone
To see the sun again I'd give anything

But life demands a final chapter
A story that we all must leave behind
It's do or die, and this is mine
The anthem of a bird with a broken wing

It's another night of the living death
Like a vapid bite in a spiderweb
It's so deathly dark in the alleyway
And a bleeding heart makes you easy prey

I would run and hide for the afternoon
With the butterfly in the panic room
Though I won't be missed, I would say it's time
For a different twist in the story line

It feels like I'm a lone survivor
Forgotten in a dark and deadly world
And on my own I walk alone
To see the sun again I'd give anything

But life demands a final chapter
A story that we all must leave behind
It's do or die, and this is mine
The anthem of a bird with a broken wing
The anthem of a bird with a broken wing

It feels like I'm a lone survivor
Forgotten in a dark and deadly world
And on my own I walk alone
To see the sun again I'd give anything

But life demands a final chapter
A story that we all must leave behind
It's do or die, and this is mine
The anthem of a bird with a broken wing
The anthem of a bird with a broken wing
The anthem of a bird with a broken wing

Tell the world I know that my mind is made
It's a horror show, but I'm not afraid
Though I won't be missed, I would say it's time
For a different twist in the story line
