

## Dental Care

Owl City

I brush my teeth and look in the mirror  
And laugh out loud as I'm beaming from ear to ear  
I'd rather pick flowers instead of fights  
And rather than flaunt my style  
I'd flash you a smile of clean pearly whites

I've been to the dentist a thousand times  
So I know the drill, I smooth my hair  
Sit back in the chair  
But somehow I still get the chills

"Have a seat", he says pleasantly  
As he shakes my hand and practically laughs at me  
"Open up nice and wide", he says peering in  
And with a smirk he says, "Don't have a fit  
This'll just pinch a bit", as he tries not to grin

When hygienists leave on long vacations  
That's when dentists scream  
And lose their patience

Talking only brings the toothaches on  
Because I say the stupidest things  
So if my result goes south  
I'll swallow my pride with an Aspirin  
And shut my mouth

Golf and alcohol don't mix  
And that's why I don't drink and drive  
Because good grief, I'd knock out my teeth  
And have to kiss my smile goodbye

I've been to the dentist a thousand times  
So I know the drill, I smooth my hair  
Sit back in the chair  
But somehow I still get the chills
