

New York City

Owl City

I'm digging through the glove box
I thought I had a map in here
The driver's door doesn't lock
I bought the car my junior year
Those candy in my backpack
And you can pick a soundtrack
We're heading for the East Coast tonight
So pack your bags and hold on tight
Cause we're taking off
We're taking off

Run away with me
We're on the way to New York City
Take my hand and see
Manhattan never looked so pretty
Travel light and see the world right
You'll never know if you never go so
Run away with me
And say hello to New York City

Feet up on the dashboard
We're driving with the windows down
Did you forget your phone cord?
We'll buy one in the next small town
Get dinner at an IHOP
A shower at the truck stop
We're listening some Johnny Cash
Take my hand and don't look back
Cause we're movin' on
(Da-da-da-da-da-da)
We're movin' on
(Da-da-da-da-da-da)

Run away with me
We're on the way to New York City
Take my hand and see
Manhattan never looked so pretty
Travel light and see the world right
You'll never know if you never go so
Run away with me
And say hello to New York City

Run away, run away
Run away, run away

Run away with me
We're on the way to New York City
Take my hand and see
Manhattan never looked so pretty
Travel light and see the world right
You'll never know if you never go so
Run away with me

Stroll the midtown streets
And tell me that you don't feel giddy
Lady Liberty
Ain't throwing us a wink or is she

Travel light and see the world right
You'll never know if you never go so
Run away with me
And say hello to New York City
(Da-da-da-da-da-da)
Say hello to New York City
(Da-da-da-da-da-da)
Say hello to New York City
