Shooting Star

Close your tired eyes, relax and then Count from 1 to 10 and open them All these heavy thoughts will try to weigh you down But not this time

Way up in the air, you're finally free And you can stay up there right next to me All this gravity will try to pull you down But not this time

When the sun goes down and the lights burn out Then it's time for you to shine Brighter than a shooting star So shine no matter where you are

Fill the darkest night with a brilliant light 'Cause it's time for you to shine Brighter than a shooting star So shine no matter where you are tonight

Woah-oh, woah-oh, woah-oh

Brighter than a shooting star Shine no matter where you are tonight

Gaze into my eyes when the fire starts And fan the flames so hot it melts our hearts Oh, the pouring rain will try to put it out But not this time

Let your colors burn and brightly burst Into a million sparks that all disperse And illuminate a world that'll try to bring you down But not this time

When the sun goes down and the lights burn out Then it's time for you to shine Brighter than a shooting star So shine no matter where you are

Fill the darkest night with a brilliant light 'Cause it's time for you to shine Brighter than a shooting star So shine no matter where you are tonight

Woah-oh, woah-oh, woah-oh

Brighter than a shooting star Shine no matter where you are tonight

A thousand heart beats beat in time It makes this dark planet come alive So when the lights flicker out tonight You gotta shine

When the sun goes down and the lights burn out Then it's time for you to shine

Owl City

Brighter than a shooting star So shine no matter where you are

Fill the darkest night with a brilliant light 'Cause it's time for you to shine Brighter than a shooting star So shine no matter where you are tonight

Woah-oh, woah-oh, woah-oh

Brighter than a shooting star So shine no matter where you are tonight.
