The Yacht Club

My rock candy passion Is bittersweet and onto the teeth 'Cause she would rather fall in chocolate Than fall in love, especially with me

I stood under the waterfall With a Kiwi pineapple parasol A Cinderella dropped a crystal ball And made a concrete cavern A caterpillar concert hall

I wish that we could sail our sad days away forever In deep blue seas of paper-mache Let's dance in the moonlight

A barracuda chased our dog days away forever Let's sink or swim 'til we fall in love And dance in the moonlight When we join the yacht club

I would rather go swimming with great white sharks Than wade in romance 'Cause I can never find the courage To ask her to dinner or even to dance Let's dance in the moonlight

Don't sweat under your overcoat 'Cause my heart can't harbor this paddle boat You'll hit the bottom of the highest note And the chatty tree frogs Will never wanna leave your throat

I wish that we could sail our sad days away forever In deep blue seas of paper-mache Let's dance in the moonlight

A barracuda chased our dog days away forever Let's sink or swim 'til we fall in love And dance in the moonlight When we join the yacht club

Let go of the world you know And plug in the party lights Soak your cares in the solar flares That light up these island nights

Orange eclipse, I can taste your lips In the citrus afternoon If you can fly, don't stop at the sky 'Cause there's footprints on the moon It was you

I wish that we could sail our sad days away forever In deep blue seas of paper-mache Let's dance in the moonlight

A barracuda chased our dog days away forever

Let's sink or swim 'til we fall in love And dance in the moonlight When we join the yacht club

Let's dance in the moonlight When we join the yacht club
