

A U Come outside  
I'm fed up with you looking  
Like the cat who got the cooking  
I said A U  
You and me outside  
You've got the kind of face  
The face of a git  
And I really want to hit it  
I said A U  
You and me outside  
Coz I've been watching you  
Chatting up all the girls  
And I'm fed up with you  
And I've drunk enough  
[Chorus]  
Someone's gonna get a slap tonight  
Someone's gonna get whacked tonight  
Someone's gonna get a smack tonight  
From me  
And it's gonna be you  
A U You look like a poof  
How loud do I shout it ?  
Tell me what you're gonna do about it ?  
A U You and me outside  
You're a bloke who's heading for one  
A real fist magnet if ever I saw one  
A U You and me outside  
I saw you kiss that girl  
Over in the corner  
It's not jealousy  
It's just you and me  
[Chorus]  
[Bridge]  
You've got too much dosh, you're everything I hate  
You talk all posh, you make me so irate  
You're so cock sure, you're a liability  
I told you before, it's not jealousy  
It's not jealousy  
It's just you and me  
[Chorus]
