(Another bloodbathç£□ in the spot and draws the daily press...)

Tribal war, panic on their faces
Guns ring out, bullets leave their traces
the crowdç£□ in shock, whatç£□ happened here
a bloodshed caused by a young sick killer
Carnivore - slaughter as a kind of game

[Chorus:]

Thereç£D panic in the streets tonight and terror rules
Thereç£D panic in the streets tonight while (the) death incarnate roams
Thereç£D pamic in the streets tonight the killer from the Graveyard High
Thereç£D panic in the streets tonight and terror terror rules

Leaden air, real guns are the right kick massacre - this time without joystick

The blood, the shock - just temporary signs and soon forgotten till the next freak strikes Streets of gore - corpses are a wonted sight

The kids, the guns, the shocking truth: this townç£ \square no longer BULLET-PROOF Final score - coppers 0, killers 8 and nobodyç£ \square safe from murder...
