

We Rule O.K.

Oxymoron

Take'em all and take the piss
It's time for a new riot
Scream it at the nation
That we ain''t gone so far

[Chorus:]
We're the best cause we're the ones
If s not the class that you are from
Yes, all minorities get oppress
But we're the ones so fuck the rest
... I don't think I will conform

Twenty years of struggle
Left fragments on the floor
But we're the generation
To pick'em up once more
