

Search Lights

Oz

Inside the light where i signed my black blood with disgrace
Is was a chance I had to take or I would lose my mind
To enter it is just too much, if you haven't done a thing
I had to run my life again it was my sad dream

Now I'm free but I'm not sure where the search will liw
All my brain will want is "go", my blood is running fast
I must find a place to rest, I can't go further now
Can't go further now

*Searchlights rolling over my life
They will catch me, they won't be late
Lay down, no match, I am a strong man
Fight for my life long as I can

*Repeat

**Searchlights, searchlights
Lead bites, lead bites
