

Third Warning

Oz

We fight for our lives to be free
But somebody's trying to chain us
As long as illusions are dreams
Glamour is trying to tame us

But you've seen the light shining bright
Northern star we are right
Come in from the cold
Join us if you're not too old
Ooh, we are sold, sold our souls

Third warning - Gonna show you the power of rock
Third warning - Charging the reins like a dog
Third warning - Nobody tells us to stop
Third warning - Now is the time to stand up

We all got our choices in life
The future lies in our hands
A nice little house and a wife
But I wanna sing with a band

Doing some fun with the boys
This is the only main choice
Larger than life enlightened by speed
Takes you eternally

Can't you see, see

Third warning - Gonna show you the power of rock
Third warning - Charging the reins like a dog
Third warning - Nobody tells us to stop
Third warning - Now is the time to stand up

Last warning

You know there's choices
Don't take what I'm saying wrong
Innocents must be set free
All I need is a song

You're cramping away a guitar
Hoping that you'll be a star
Nothing that you'll be away
Gotta continue to pay, pay, the right way

Third warning - Gonna show you the power of rock
Third warning - Charging the reins like a dog
Third warning - Nobody tells us to stop
Third warning - Now is the time to stand up

Last warning - Third warning
Last warning - Third warning
Last warning - Third warning
Last warning
