

# Give Yourself A Chance With Me

Ozark Henry

Give yourself a chance with me  
i've got love  
what else is there to know  
doesn't matter where you've been  
i hope you know  
that you don't have to tell me  
as long as we're together  
there's no hurting  
can't you see it shows  
as long as we're together  
all is worth it  
every single blow  
let it grow  
let us grow  
let it grow  
...

give yourself a chance with me  
if we've got love  
what else is there to know  
sex is safe it brings us sleep  
no undertow  
love's paid of our bail bond  
as long as we're together  
all is worth it  
can't you see it shows  
as long as we're together  
all is worth it  
every single blow  
let it grow  
let us grow  
let it grow  
...
