This Is All I Have

Ozark Henry

This is all I have Its been spread out loud You took all of me Everything Nothing left to pack But my cigarettes And a photograph You forgot Still Im on my way Chasing love behind Not knowing what to find All I know Still Im on my way Oh for all I care Hanging on to loves Sweetest crime Am I quilty of All that youve committed All of what you did Everything? Rumours spread around That I was unsound That I let you down All the way Still Im on my way Chasing love behind Not knowing what to find All I know Still Im on my way Oh for all I care Hanging on to loves Sweetest crime
