

## To Walk Again

Ozark Henry

whatever caught me on the hop  
I had no choice I had to face it  
to much of me to keep aside  
won't lose myself in looking back  
with ifs to tell me what is wasted  
many a time I've cursed the whys

to walk again

I'm always go, I'm never stop  
whatever I am chasing  
to live a dream is out of this world  
so I still race untill I drop  
so I still put me through my paces  
to live a dream and dream up how

to walk again
