

## Bad Dogs

OZMA

It's happening all over again  
Someone broke the locks and let the dogs out of the pen  
Sound the alarms and let the fun begin  
You thought my bark was worse than my bite  
But this time i won't be beat before the start of the fight  
Leash is too tight  
Gonna bite it off

All bad dogs go to doggy hell  
All bad cats go to kitty hell

A thousand dogs are loose in the night  
You say they're for protection but you use them to fight  
Won't see the light until we turn it off

All bad dogs go to doggy hell  
All bad cats go to kitty hell  
Goodbye my friends, i wish you well  
All bad dogs go to doggy hell
