

Of all the shootingstars i knew  
I never felt at ease with anyone but you  
Don't ever wonder where i go  
Remember that the grass still grows beneath the snow  
When everything around turns blue  
Just fall asleep and wake when it's all through

There's battlescars on all my guitars but i still come out here  
and play

And now i've lost your touch again  
I know i'm only one in 20,000 men  
I promise not to let you go  
Just close your eyes and sleep right through the falling snow

When i finally wash ashore  
I'm coming back to kiss the girl i kissed before  
Of all the shootingstars i knew  
I never fell for anyone but you

There's battlescars on all my guitars but i still come out here  
and play  
There's battlescars on my face and my arms but you still kiss me  
everyday  
There's battlescars on all my guitars but i still come out everyday  
There's battlescars on my face and my arms but you still kiss me  
anyway
