

# Here For You

Ozzy Osbourne

I remember all the good times...  
sometimes I wonder would it last?  
I used to dream about the future.  
But now the future is the past.

I don't wanna live in yesterday,  
Cross my heart until I die  
Don't wanna know just what tomorrow will bring,  
Because today has just begun,  
No matter whatever the else done  
I'm here for you  
I'm here for you.

So now I sit here and I wonder,  
Whatever happened to my friends  
To many bought a one way ticket  
But I'll be with you till the end

I don't wanna live in yesterday,  
Cross my heart until I die  
Don't wanna know just what tomorrow will bring,  
Because today has just begun,  
No matter whatever the else done  
I'm here for you

You're my religion your my reason to live.  
You are the heaven and my hell.  
We've been together for a long long time  
and I just cant live without you  
No matter what you do i'm here for you.

Solo

I don't wanna live in yesterday,  
Cross my heart until I die  
Don't wanna know just what tomorrow will bring,  
Because today has just begun,  
No matter whatever the else done  
I'm here for you  
I'm here for you  
I'm here for you  
I'm here for you
