

Life Won't Wait

Ozzy Osbourne

I watch it all change,
take the news of the day
and throw it away.
Time will kill all the pain,
faith will cure the decay
of all this blind ambition;
the greed brings us together.
Stay strong, stay true, be brave - it all comes down to you.

Tried to just let it go
know that justice moves slow
but it comes in the end
Rise the guilty will fall
stay they can't take it all
they want the unimportance
it's love they leave behind
Stand up, stay true, be hard - the future looks to you

Every second you throw away
Every minute of every day
Don't get caught in a myriad
Because life won't wait for you
No, life won't wait for you, my friend.

I'm watching the change
through who will carry the flame
it all feels very strange.
Dreams than mean can be good
faith - to live as we should
and know we're all connected
we give ourselves the power
Stay strong stay true be brave - it all comes down to you

Every day that you wait you're falling faster
No sleight of hand, no twist of fate, no ever after
When it's gone - it's gone, a fight to the bitter end
Life won't wait for you
No, life won't wait for you, my friend.

Life won't wait for you, my friend [x4]
