Won't you listen 'cos I'm at it again Lightning striking, and on that you can depend They say that lightning never strikes the same place twice Gods of thunder, sit and watch the event

You know I take no prisoners
My back's to the wall
You know I must be going
When destiny calls
Until I feel that thunder shattering my brain

I won't stop rockin' all night, rockin' all night Until the lightning strikes again Rockin' all night, rockin' all night Until the lightning strikes again

Tell your mama that you're gonna be late But not to worry, we'll just be rockin' all night The lightning strikes before you hear the thunder roar We're becoming the children of the night

I'm not aplogizing
I am what I am
There is no compromising
I don't give a damn
Until I feel the thunder boiling in my veins

I won't stop rockin' all night, rockin' all night
Until the lightning strikes again
Rockin' all night, rockin' all night
Until the lightning strikes again

Oh no, I've lost control Here we go, it's only rock & roll

The silver light is flashing
As all turns to gold
In my head voices screaming
And I'm being told
If you will only listen, you will hear them too

I won't stop rockin' all night, rockin' all night
Until the lightning strikes again
Rockin' all night, rockin' all night
Until the lightning strikes again
You go rockin' all night, rockin' all night
Until the lightning strikes again
You go rockin' it all night, rockin' it all night
Until the lightning strikes again
