

A psycho driver twisted in my head
Silence broken, but there's nothing said
I got a nightmare from a fantasy
Will the voices ever set me free
I can hear'em, I can hear'em
Someone wake me when it's over
I can see'em, I can see'em
I can see'em over and over again
I saw it happening like deja-vu
They tried to tell me, but they couldn't get through
In my head I hear the voices scream
I need someone to tell me what it means

Whoa - Who turned off the lights ?
Whoa - A shadow in the night
Whoa - It wasn't meant to be
I can't tak this alone
Don't leave me on my own tonight
Oh no I can't take it alone
Don't leave me on my own tonight
Shattered dreams lay next to broken glass
I wonder if tonight will be my last
I need an angel who can rescue me
To save me from my mental symphony

Whoa - Who turned off the lights ?
Whoa - A shadow in the night
Whoa - It wasn't meant to be
I can't tak this alone
Don't leave me on my own tonight
No, no I can't take it alone
Don't leave me on my own tonight
