

Shot in the Dark

Ozzy Osbourne

Out on the streets I'm stalking the night
I can hear my heavy breathing
Paid for the kill, but it doesn't seem right
Something there I can't believe in
Voices are calling from inside my head
I can hear them, I can hear them
Vanishing memories of things that were said
They can't try to hurt me now

But a shot in the dark
One step away from you
Just a shot in the dark
Always creeping up on you
All right

Taught by the powers that preach over me
I can hear their empty reasons
I wouldn't listen, I learned how to fight
I opened up my mind to treason
But just like the wounded, and when it's too late
They'll remember, they'll surrender
Never a care for the people who hate
Underestimate me now

But a shot in the dark
One step away from you
Just a shot in the dark
Nothing that you can do
Just a shot in the dark
Always creeping up on you
All right

But just like the wounded, and when it's too late
They'll remember, they'll surrender
Never a care for the people who hate
Underestimate me now

But a shot in the dark
One step away from you
Just a shot in the dark
Nothing that you can do
Just a shot in the dark
Always creeping up on you
All right

Just a shot in the dark
Just a shot in the dark
Just a shot in the dark
Just a shot in the dark
