We have cause to be uneasy
The evil-utionary process has begun in a world that hates you
These secrets revealed belong to us
And when worst comes to worst
My peoples come first

Too many things going wrong around us

Too much to be done and so little time

We're so used to bowing down that we forget how to stand up

And we settle for last in line

But not this time!

God forbid
That i should lose, lose my mind
God forbid
Insanity is just a thought away
God forbid that i should lose my mind
God forbid
Balancing the good that's left in me
