Know Me

Take 5 second, think about my crew, who am I P.O.D.

Listen my cry, What do you hear? Live my breath, How do you feel? Look my soul, What do you see? Imagine a moment, You don't know me

Take five seconds and listen up, Open your mind Never met me face to face, but persist to talk behind my back In face, you never even seen me never been where I am From, where I'm at, or even be me so check me, test me, I ain't got nothing to loose, been down since the beginning Stop and stare at me not who you are Cuz your to scared to be

Listen my cry, What do you hear? Live my breath, How do you feel? Look my soul, What do you see? Imagine a moment, You don't know me

Reap what I've sown, it all goes along with my past It's not the first time I've struggled and it won't be the last

No class, when you talk about another how can you say You love me, when you hate your brother, you smother But my faith keeps me difference between me and you holmes Is that I'm forgiven, I got your back if you're down with my cr ew

I looked to him, so I don't answer to you

Listen my cry, What do you hear? Live my breath, How do you feel? Look my soul, What do you see? Imagine a moment, You don't know me

Who am I, I am you [8x]

I'm just like you [4x]

Listen my cry and tell me, I know you hear me Live my breath and tell me, I know you feel me Look my soul, and tell me, I know you see me I know you love me
