

# Shine with Me

P.o.d.

So why don't you come with me?  
Take a trip to the other side  
Where you, you and I, we can sing, we can fly  
We can dance as the stars go by

And if the heavens should open up  
With a vision inside Jah love  
The earth and the moon and the sun will align  
With the voice from the sky above, one love

So come on and shine with me  
Like the beautiful star you are  
So come on and shine with me  
Shine with me

Float through the sky and look through my eyes  
And then you will see what happens  
Nowhere to hide, look deep down inside  
In life you must take your chances

And come with me  
And you will see  
My love is like

La, la, la, la, la, la, la, la, la, la  
La, la, la, la, la, la, la, la  
La, la, la, la, la, la, la, la, la, la  
La, la, la, la, la, la, la, la

And come with me  
And you will see  
One love

So come on and shine with me  
Like the beautiful star you are  
And leave it behind with me  
'Cause forever is not that far

So come on and shine with me  
Like the beautiful star you are  
And leave it behind with me  
Shine with me

Shine on, shine on, shine on, one love  
Shine on, shine on, shine on, one love  
Shine on, shine on, shine on, one love  
Shine on, shine on, shine on, one love

So come on and shine with me  
Like the beautiful star you are  
And leave it behind with me  
'Cause forever is not that far

So come on and shine with me  
Like the beautiful star you are  
And leave it behind with me  
And shine with me

Shine with me, shine with me
