

All Torn Up

P9

Livin' in a fairy tale
Hoping you can sleight
These dragons
Put a penny in the wishing well, to bring me you

There's an emptiness inside of me
Whenever you start to packing
But that's the way it has to be
So I'd play it cool

But I'm all torn up now
Wishin' I could be there with you
All torn up over you
Nah nah nah nah nah nah nah
Yes I'm all torn up now
Wishin' I could be there with you
All torn up over you
Nah nah nah nah nah nah nah

I have to wait another day
But baby it sure ain't easy
There's so much that I want to say that you don't know

My friends don't understand
The you and me type of connection
So they try to pull me away
But I don't wanna go

'Cause I'm all torn up now
Wishin' I could be there with you
All torn up over you
Nah nah nah nah nah nah nah
Yes I'm all torn up now
Wishin' I could be there with you
All torn up over you
Nah nah nah nah nah nah nah

You not here is killin' me
Thoughts of you brings me to my knees
Missin' you got me textin'
All my love to you
You not here is killin' me
Thoughts of yo brings me to my knees
Missin' you got me textin' all my love to you
All my love, all my love, all my
All my love to you, all love to you

But I'm all torn up now
Wishin' I could be there with you
All torn up over you
Nah nah nah nah nah nah nah
But I'm all torn up now
Wishin' I could be there with you
All torn up over you
Nah nah nah nah nah nah na

You not here is killin' me

Thoughts of yo brings me to my knees
Missin' you got me textin'
All my love to you
You not here is killin' me
Thoughts of yo brings me to my knees
Missin' you got me textin'
All my love to you
