

Tonight we're breaking away these chains  
That's been keepin' us hostage  
Tonight we're gonna make our big escape  
Right when everyone's watchin'  
Tonight you're gonna lead the band  
So tell me are you ready  
Tonight I'll be your number one fan  
So come on and let's go

Crazy crazy baby crazy  
Let's go all the way  
Crazy crazy baby crazy  
Nothin' more to say  
Crazy crazy let's go crazy  
Nothin's gonna stop us now  
Don't be another face in the crowd  
We gotta live our lives out loud

What ya gonna do if you don't break free  
Just stand there runnin' in circles  
All you gotta do is just come with me  
I promise nothing will hurt you  
Tonight you're gonna lead the band  
I know that you're ready  
Tonight I'll be your number one fan  
So come on and let's go

Crazy crazy baby crazy  
Let's go all the way  
Crazy crazy baby crazy  
Nothin' more to say  
Crazy crazy let's go crazy  
Nothin's gonna stop us now  
Don't be another face in the crowd  
We gotta live our lives out loud

Crazy crazy  
Go go go crazy  
Let's go!

Crazy crazy baby crazy  
Let's go all the way  
Crazy crazy baby crazy  
Nothin' more to say  
Crazy crazy let's go crazy  
Nothin's gonna stop us now  
Don't be another face in the crowd  
We gotta live our lives out loud
