

New York Minute

P9

Dah dah dah dah
I'll be there in New York Minute
New York minute

Don't hold your breathe
Just say what you need to say
Time is now, don't let it go to waste
Dial my name baby
And I'll be on my way
Call my name baby
Flashin' back to me
Watchin' you baby
Oh baby
Oh baby
Reminisclin' of me and you baby
Oh you baby
Oh you whoa

So if you want me baby let me know
and if you miss me lately let me know
I'll be there in a New York Minute
New York Minute
Dah dah dah dah
I'll be there in a New York Minute
New York minute
Dah dah dah dah

Drivin' fast
Thinkin' about the nights we would share
Runnin' through the light
Won't slow down baby
Till I'm right next to you
Can't wait to see you baby
I know this time it was meant to be
Me and you baby
Oh you baby
Oh you baby
Reminisclin' of me and you baby
Oh baby
Oh you whoa

So if you want me baby let me know
and if you miss me lately let me know
I'll be there in a New York Minute
New York Minute
Dah dah dah dah
I'll be there in a New York Minute
New York minute
Dah dah dah dah

In a New York minute
New York minute
I'll be right there before you say go
All you gotta do is just let me know
We can go fast never ever go slow
In a New York Minute, New York Minute
Hey pretty baby just come with me

I can take you over to ecstasy
Give me a sign and I'll set you free
In a New York Minute, New York Minute

So if you want me baby let me know
and if you miss me lately let me know
I'll be there in a New York Minute
New York Minute
Dah dah dah dah
I'll be there in a New York Minute
New York minute
Dah dah dah dah
