

## Stream

Paatos

Standing here, violent storm  
Please take my place, I'm leaving it  
behind  
Yesterday, sudden goodbye  
Take me back to another time

Standing straight, all is quiet  
When will life start to fall apart?  
Today won't go away  
Pass me by, they all carry on

Standing still, constant stream  
Turned up on the other side  
Should I stay? Can't go back

Life goes on
