

Your Misery

Paatos

Who are you to feel sorry
When you are the one to blame
Who are you to feel hungry
Swallow your pills with champagne
Who are you to feel lonely
Buy yourself a new girl every day

What have you been doing to yourself?
What have you been doing to yourself?

Who are you to give orders
When you're out of control
Who are you to clame to be winner
At always laughting in the end

What have you been doing to yourself?
What have you been doing to yourself?
What have you been doing to yourself?
What have you been doing to yourself?

On your misery
In your mistery
On your misery
In your mistery
