Shawty you never, never  
Never had a nigga like me  
Babygirl you never, never  
Never had a nigga like me  
Girl you never, (ever) never (ever)  
Never ever ever had me (Uhh-uh)  
Girl you know you've never

I never claim to be what I ain't  
I never claimed and I never make mistakes  
I never understood the reason why we hate (pshh)  
Or why we never recognize when there's something great  
So it's too late Shit I never catch a break  
When cops drive behind me and they reading off my plates  
Never toured around the globe never passed the states  
Never got lucky laid on the first date  
Never fronted on my friends before  
Never done it what we kick it for?  
It's 2 A.M. what we kissing for?  
You never give it up, somebody get this whore  
I've never been to jail never court to snitch  
Never hustled rocks never snort no shit  
Never rock Fubu polo sports my shit  
I'm sorry Ed Hardy I don't sport your fits  
Rather run with hundreds or some gorgeous kicks  
Never laid the mates who were forced to skip  
Never heard his spit well of course we sick  
Never wanna see me on them courts too quick  
Shit I'm balling like I'm AI tower like I'm 8-5  
Call it what you want but just don't call it once it's game time  
Never hear me talking lots of gossip through the great fun  
Never stop until I take mine

Shawty you never, never  
Never had a nigga like me  
Babygirl you never, never  
Never had a nigga like me  
Girl you never, (ever) never (ever)  
Never ever ever had me (Uhh-uh)  
Girl you know you've never

I ain't never been to prison  
Never had a hustlers ambition  
When I was in school I never listened  
Never paid admission to a wack niggas show  
And I would never pay attention to a wack niggas flow  
No, never will I be ever put to rest  
By another muthafucka that can breath the same breath as I  
Never told my grandmother a lie  
And if I ever did I could never look her in the eye  
Never got a chance to say goodbye to my homie when he died  
And I'm lying if I say I never cry  
Never been a part of no trndy trash  
And I ain't ever have to beg a chick to give me the ass  
Never spit the rare scent on no findy bag  
I don't ever pay for dinner with my stingy ass  
Never been behind the wheel of a benzie-class

Till I wrote whiplash and I hope this lasts  
Bet you never heard a nigga with a flow this brash  
Straight A's when I never took notes in class

Shawty you never, never  
Never had a nigga like me  
Babygirl you never, never  
Never had a nigga like me  
Girl you never, (ever) never (ever)  
Never ever ever had me (Uhh-uh)  
Girl you know you've never
