

## We will fight

### Paddy and the Rats

Im a loaded gun, bang bang  
Terrible hang man  
In a false position,  
Incredible jam jam  
Serious in fight, fight  
Swagger to the wild side  
Give a wink, pay a drink  
If you wanna win  
We will stay together  
And only feel alright  
We will live forever  
If we can drink all night  
We will stay together  
And only feel alright  
So let us drink forever  
Or we will fight  
The bastard's shot down  
Paddys 'rin the pub now  
Coz we swept the fuckin' garbage  
Out of Dublin's downtown  
Say a little farewell  
Now im feelin' well, well  
Jokin' on the heaven  
On the subway to hell
