

Work Of Heaven

Padi

One moment lost and passing me by
Fielding me from my own destiny
Taking away my pride cracking me into pieces...
Making me like a fool

So now I stand here with this conviction...
Reaching out for perfection
I put my life at stake for any reason...
And it's time for turning back

Even getting my soul
Even getting my self
Stranded in this (so) lonely world

Although I've been hurt and things have fallen...
A shattering before my eyes
I know I have something inside of me...
And that's make me strong

From this moment on I'll live
From this moment on I'll stand
From this moment on I'll be the best I can be
