

Supremacy, Our Kind

Pagan's Mind

Reincarnated by the gods
Our Kingdom
We're Universal Entity too
The truth is hidden in the skies
Concentrated inner eyes
Now let all imagination fly

Supremacy our kind
Force of the Universe I am
Transcending
Unending
Light is the parable of time

You end up dying
Hear the Silence Device
I ruled the land upon your hands

Ancestral powers of true life
Approaching
Transparency of apparition
Read the truth inside the eyes
Commencing powers All unite
Eternally to Tranquility

Supremacy our kind
Force of the Universe I am
Transcending
Unending
Light is the parable of time

You end up dying
Hear the Silence Device
I ruled the land upon your hand

The Domination Of Nature Calls

Fire in the sky
Led by infernal rain
Seek the signs of change
To the eyes of the light you'll see
Led by their command
To All

From burning skies of red
lights are fading.they arrived

Supremacy our kind
Force of the Universe I am
Transcending
Unending
Light is the parable of time
You end up dying
Hear the Silence Device
I ruled the land upon your hand

The Domination Of Nature Calls

Fire in the sky
Led by infernal rain
Seek the signs of change
To the eyes of the light you'll see
Led by their command
To all
