

# Crawl To The Cross

Paganizer

OUEH!

The suffering spirals downwards  
it lingers into your soul  
obscured lies your thoughts  
dissected and dead like you

Crawl to the cross  
submerged in pain, as you die

Those wretched slabs of flesh  
there's no misplaced affection  
human vivisection  
is there a gap inside that holds a soul

Crawl to the cross  
submerged in pain, as you die  
Crawl to the cross as you die once again

Dying is nothing but human, and then you fade away  
but where you're going pain lasts forever

Grasping for your holy crucifix  
do you think it'll save you from death?  
NO!

Dying is nothing but human, and then you fade away  
but where you're going pain lasts forever  
YAAAAAAH!!!

Yeeeeeee-yai!

The suffering spirals downwards  
it lingers into your soul  
obscured lies your thoughts  
dissected and dead like you

Crawl to the cross  
submerged in pain, as you die  
Crawl to the cross as you die once again
