

So Not About Me

Paige

Instead of seeking to impress upon you
Some image of how holy I can be
I'll place my mind and focus on You
And take this stupid spotlight off of me

It's all about You, who You are, what you've done
What you're gonna do
It's all about Your holiness
It's so not about me
It's all about You, who You are, what you've done
What you're gonna do
It's all about Your righteousness
It's so not about me
It's all about You

In all I do, Jesus I seek to glorify You
And take all the attention off of me
Cause all I am is all because of You, Lord
And I desire that all of us would see

When I sing its all for You, when I breathe its all for You
Everything its all for you, oh Lord my God
When I give its all for You, each day I live its all for You
Here it is its all for You, oh God

Every good and perfect gift it comes from You, Lord
Yet I receive the credit for these things
Ill place my mind and focus on You
And take this stupid spotlight off of me
Someone take this stupid spotlight off of me
