Brickwork IX (Ashes T5)

Pain Of Salvation

You claim I don't know you, but I know you well I read in those ash eyes we've been through hell I've walked with the weakest just to feel strong You've given your body just to belong

Let's burn together, let's burn together (baby)

his pain will never end These scars will never mend

I taste your sorrow and you taste my pain Drawn to each other for every stain Licking the layers of soot from your skin Your tears work my crust to let yourself in

Touching you harder, touching you harder now

As we walk through the ashes - I whisper your name A taste of pain to cling to As we walk through the ashes - You whisper my name Who's the one with the sickest mind... now?

This pain will never end Our s-s-s-scars will never mend Cleansing sweat We are just using each other, too depraved to stay alive But too young to die And we hurt - Thus we hurt

Scrubbing it harder Too late to back out now Scrubbing it even harder We are just so darn broken baby! (2x)

As we walk through the ashes - I whisper your name A taste of pain to cling to As we walk through the ashes - You whisper my name Who's the one with the sickest mind now?

This pain will never end These scars will never mend Damn this dirty bed Damn this dirty head
