## **Mortar Grind**

## **Pain Of Salvation**

Emelie is sad
Emelie is sad
Emelie is sad
She used to be glad
Now Emelie's been had
Emelie's been had
Emelie's been had
She might never be glad

Oh, but there is something deep inside her Oh, if we could only see inside her

Now she's mine, all broken inside A product of your fine MORTAR GRIND Every crime is seeping inside Until they're all mine Burn them away

Jenny used to smile Jenny used to smile Jenny used to smile Now she'll only hide Jenny's in denial Jenny's in denial Jenny's in denial She might never smile

Oh, but there is something deep inside her Oh, I know 'cause I have been inside her

Now she's mine, all broken inside A product of your fine Mortar grind Every crime is seeping inside Until they're all mine Burn them away Burn them away --

I used to be mine
I used to be mine
I used to be mine
Now I'm feeling blind
I'm too deep inside
I'm too deep inside
I'm too deep inside
This mortar grind --

Now it's mine, all broken inside A product of their fine Mortar grind (Burn it away) All this vile Sulphur and brine I keep deep inside (Oh) Burn it away Burn it away Oh, burn it away Burn it away
