## Pain Of Salvation

I see us in you Nauticus  
Came so late but I pray  
At the last light of day  
There might still be a chance  
To save this beast of clay

I see us in you Nauticus  
As you're drifting along  
Built to last  
Young and strong  
Will you find us the answers  
Before we are gone?

It's getting late in the day
